Bei Riebels

Insel Reichenau

Welcome! As a traditional family operation from Reichenau Island we know what is important: freshness, quality, enjoyment and an affinity to natural, local products.

Every day we fish the waters of Lake Constance. Everything we catch lands directly in our fish shop. The fishing industry itself has actually changed very little over the past hundred years. What has changed: the boat is no longer made of wood and the nets are no longer made of natural fibers, but synthetic ones. The success of our family business is based on the knowledge that has been passed on for generations and the passion of each family member for fishing. We have been fishermen on Lake Constance for so many generations that it is hard to trace back to when the family actually started fishing.

We opened the Reichenau Fish and Seafood store in 1986 as a family business. In addition to the fresh-caught lake fish we also offer trout, char and salmon trout. These are supplied exclusively from certified fish farms in Baden-Württemberg and Bavaria, processed and refined directly. In our fish kitchen all delicacies such as fish in aspic, terrines, ravioli, spreads, meatballs, pickled salmon or salmon trout, marinated trout and sauces are made according to our own recipe. We smoke our fish with beech wood in our own smokehouse.

In 2007 we opened our seasonal fish kitchen restaurant "Bei Riebels". We are proud of its success grateful that our guests value quality, freshness, regional products and original recipes.

Your family Stefan und Marlies Riebel
